## Empresa especializada no fornecimento e distribuição de soluções exclusivas e renomadas de segurança eletrônica no mercado brasileiro

Com mais de 20 anos de experiência no mercado de segurança, a SCATI é um fabricante de sistemas de vídeo IP especializado em oferecer soluções completas e flexíveis para projetos onde é necessário gerenciar a segurança de grandes redes de instalações, além de proporcionar ao gestor a plataforma Reckon exclusiva de vídeo business intelligence. A ABION como distribuidora Diamond Partner SCATI, proporciona aos integradores os melhores produtos, apoio no projeto e preço competitivo.

### Câmeras

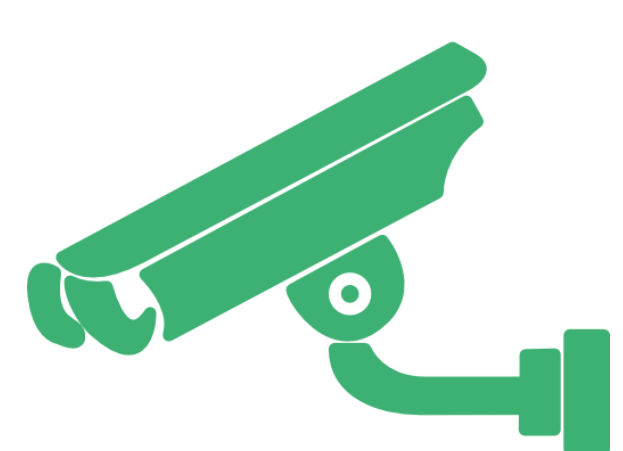

A SCATI oferece um extenso portfólio de câmeras, que são capazes de se adequar aos mais diferentes tipos de ambientes, seja ele interno ou externo. 

Dome PTZ

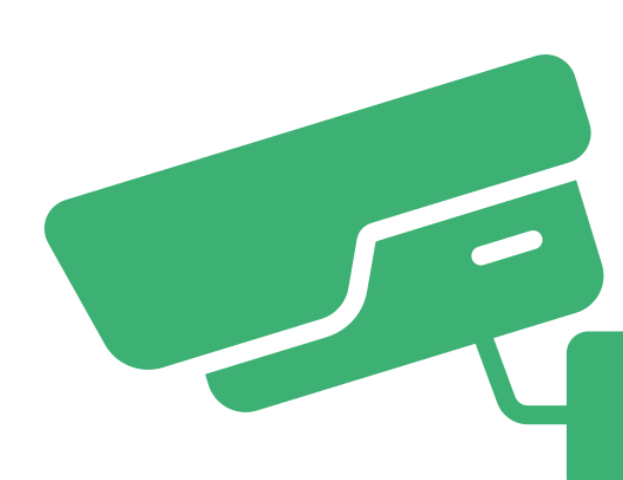

360°

Térmica

Mini dome

Bullet

Pinhole

Bodycam

### Tecnologias embarcadas

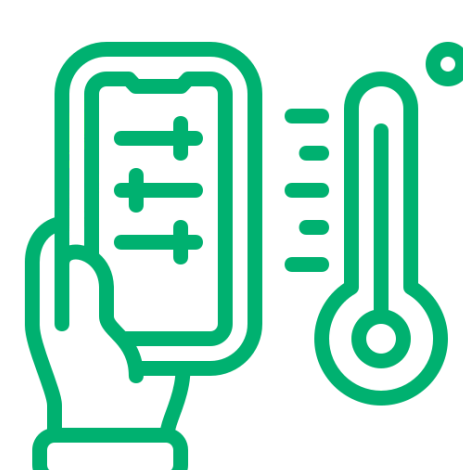

Dentre as tecnologias de análise de vídeo inteligente que podem estar embarcadas nas câmeras e/ou nos gravadores estão:

Reconhecimento Facial

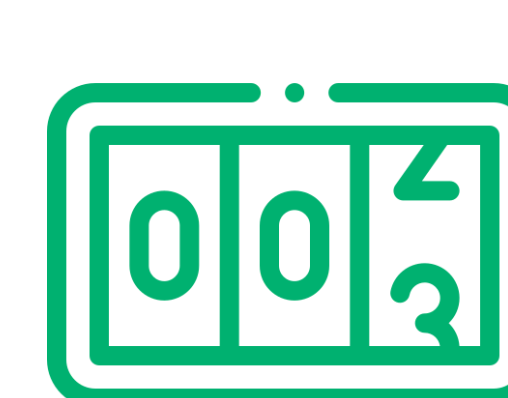

Leitura de placa veicular

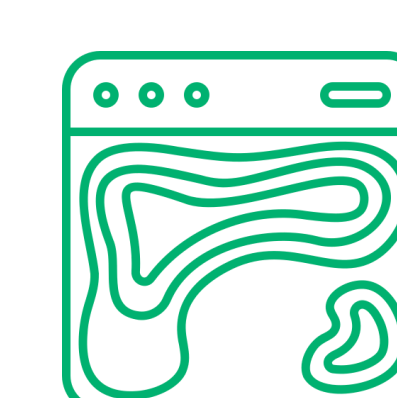

Monitoramento de temperatura

Abandono de objetos

Contagem de pessoas

Mapas de calor

Gerenciamento de fila

### NVR's

Com uma linha completa de gravadores, a SCATI entrega uma plataforma de gestão de vídeo inteligente totalmente capaz de se adequar a qualquer projeto de segurança. Compatível com os mais diferentes modelos de câmeras e conforme às necessidades de armazenamento.

### Verticais de atuação

Bancos

Logística

Indústria

Hotéis e Cassinos

Varejo

Educação

Transportes

Cidades

Hospitais

## Controladores de acesso Suprema

### Face Station F2

Reconhecimento facial no-stop para 100.000 faces

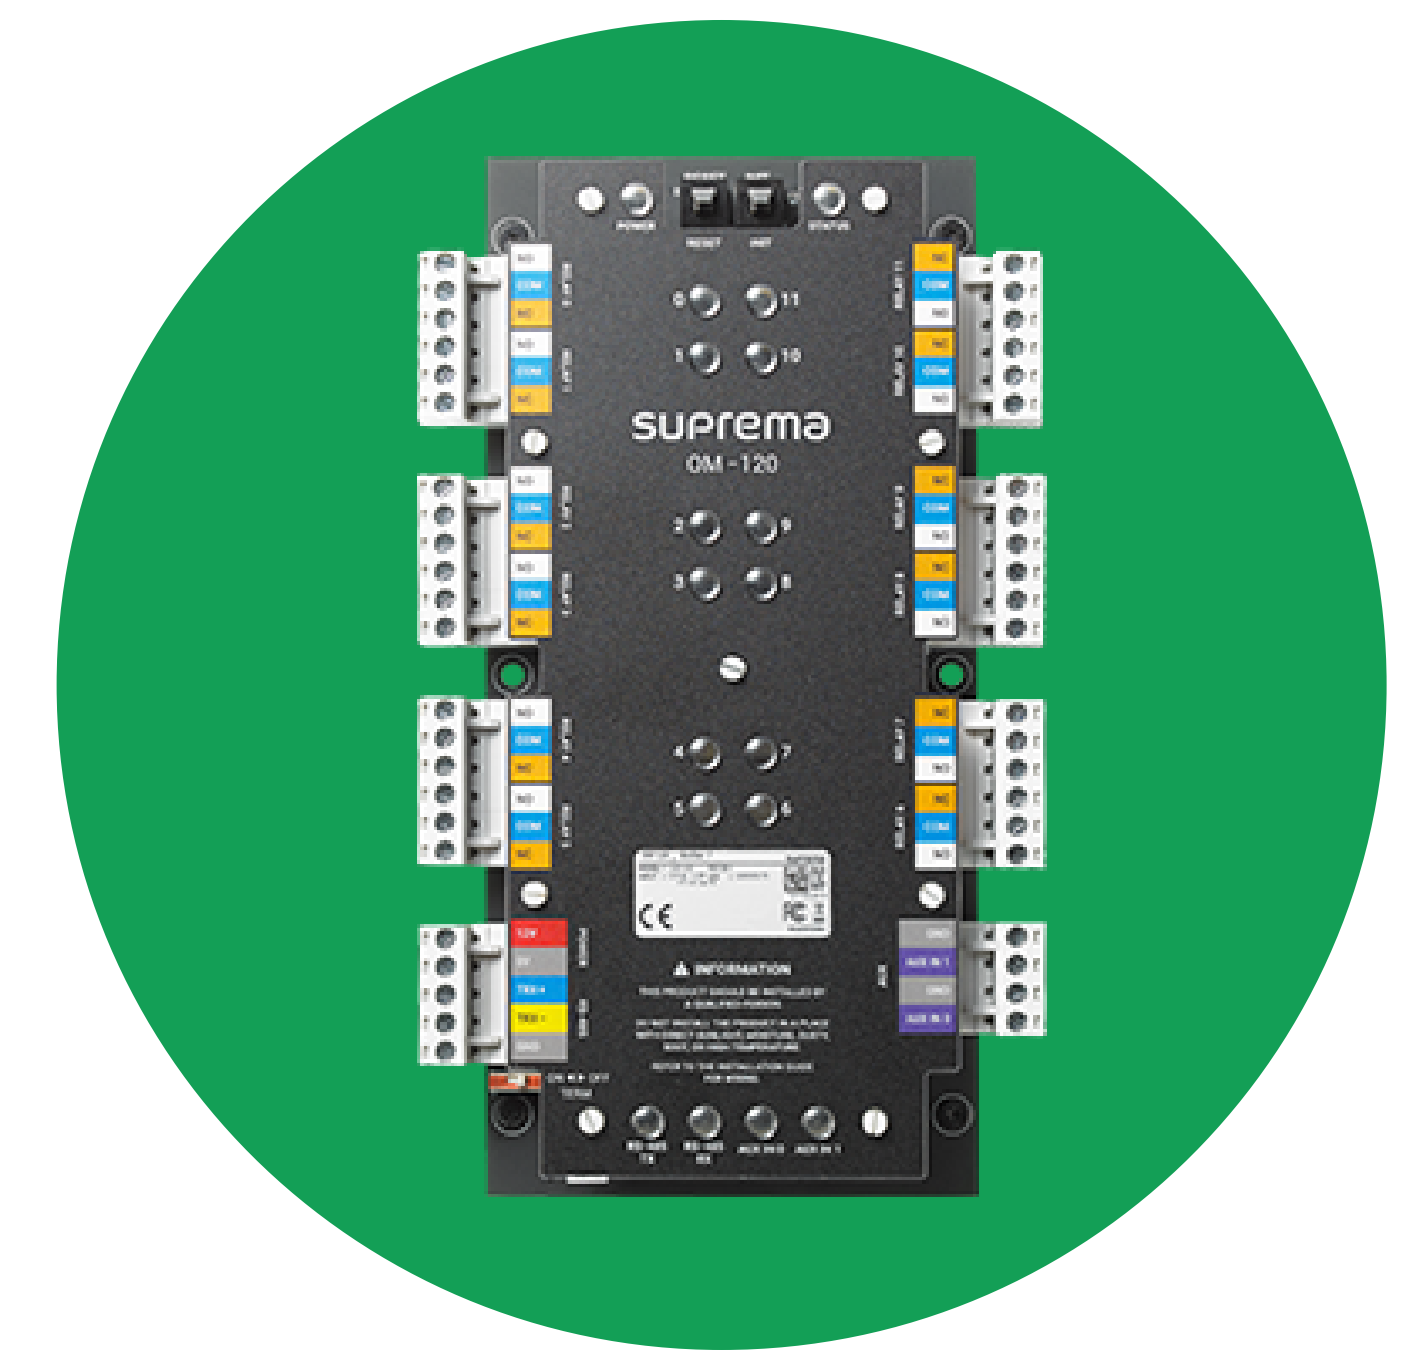

### X-Station 2

Biometria e intercom

### Facelite

Facial de acesso restrito para 4.000 faces

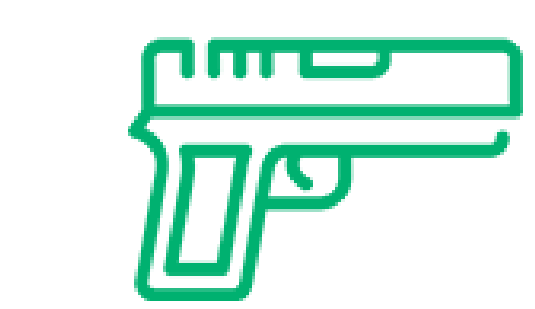

### Core Station

Painel expansível de controle de acesso biométrico

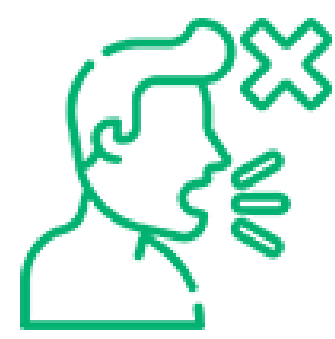

## Detek - Detecção sonora com inovação tecnológica

Projetado para identificar e informar sobre a ocorrência a situações perigosas em tempo real

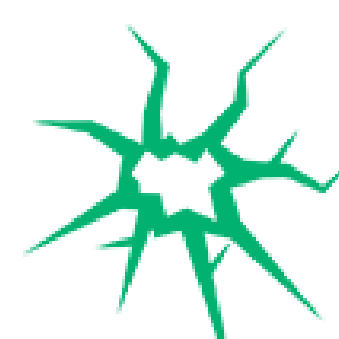

### Tipos de sons:

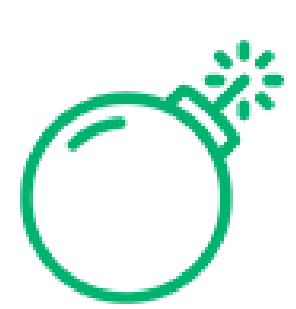

ARMAS DE FOGO  
(250 metros)

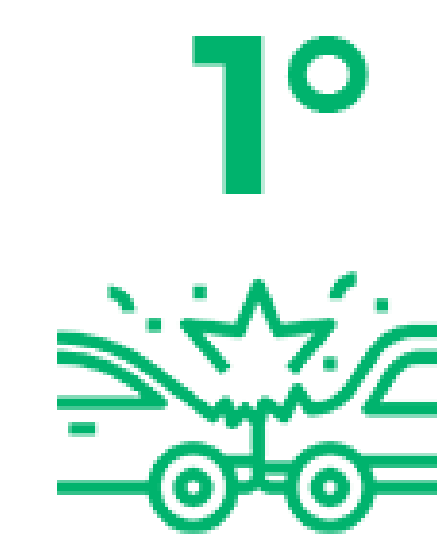

GRITO HUMANO  
(150 metros)

VIDRO QUEBRADO  
(70 metros)

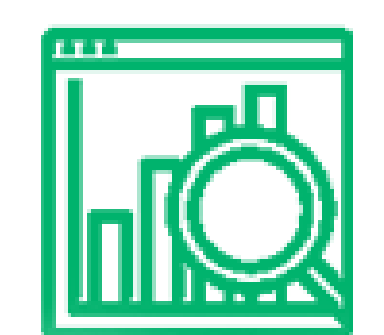

BOMBAS OU EXPLOSÕES  
(250 metros)

1º  
Detecção do som com anormalidade

2º

Análise dos resultados

3º

Classificação do evento sonoro

4º

Envio de informações para central

## Conheça nossas outras soluções

Teste de Alcoolemia Bas-20 - Etiloteste

Geradores de Névoa Density

Emissão Instantânea de Cartões Financeiros

Controlador Programável IOT

## Company specialized in the supply and distribution of exclusive and renowned electronic security solutions in the Brazilian market

Over 20 years of experience in the security market, SCATI is a manufacturer of IP video systems that specializes in offering complete and flexible solutions for projects where it is necessary to manage the security of large networks of facilities, besides providing the manager with the exclusive Reckon video business intelligence platform. ABION as a Diamond Partner SCATI distributor, provides integrators with the best product, project support and competitive pricing.

### Cameras

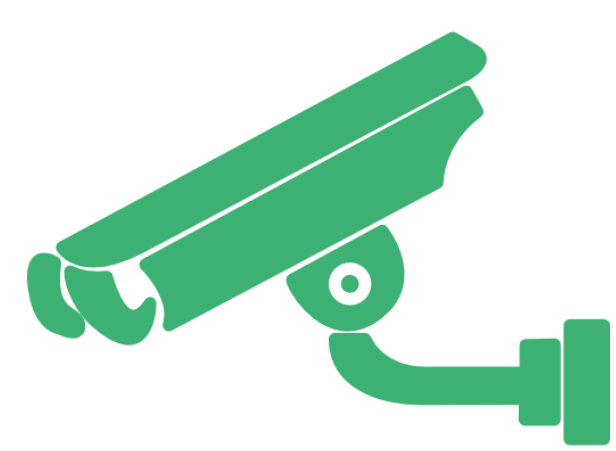

Dome  
PTZ

360°

Térmica

Mini dome

Bullet

Pinhole

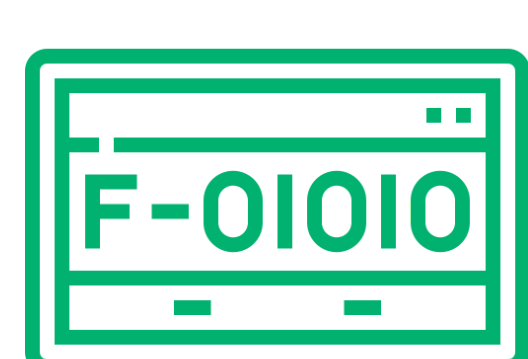

Bodycam

### Embedded technologies

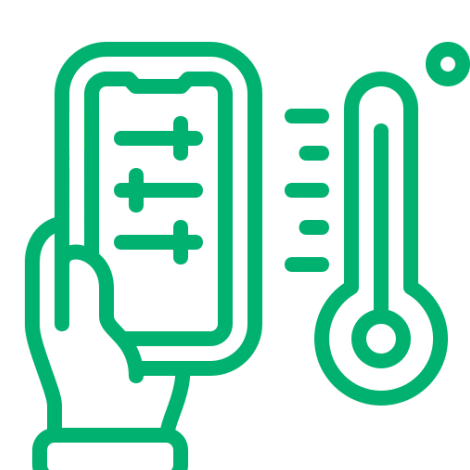

Some of the intelligent video analytics technologies that may be embedded in cameras and/or recorders include:

Facial recognition

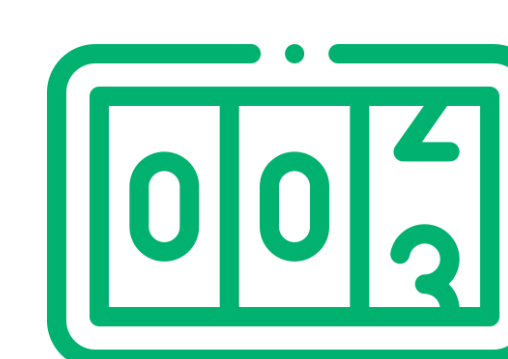

Reading of  
license plate

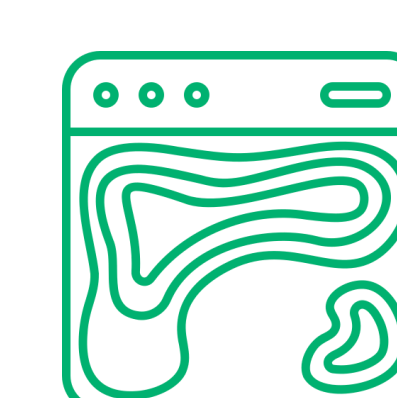

Temperature  
monitoring

Abandonment  
of objects

Score  
of people

Maps  
of heat

Management  
in line

### NVR's

With a complete line of recorders, SCATI provides an intelligent video management platform fully capable of adapting to any security project. Compatible with the most different camera models and according to storage needs.

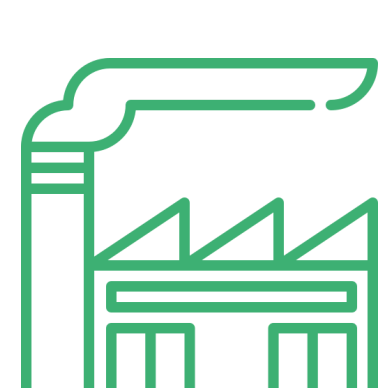

### Actuation verticals

Bank

Logistics

Industry

Hotels and  
casinos

Retail

Education

Transport

Cities

Hospital

## Access Controllers Suprema

### Face Station F2

No-stop facial recognition for 100,00 faces

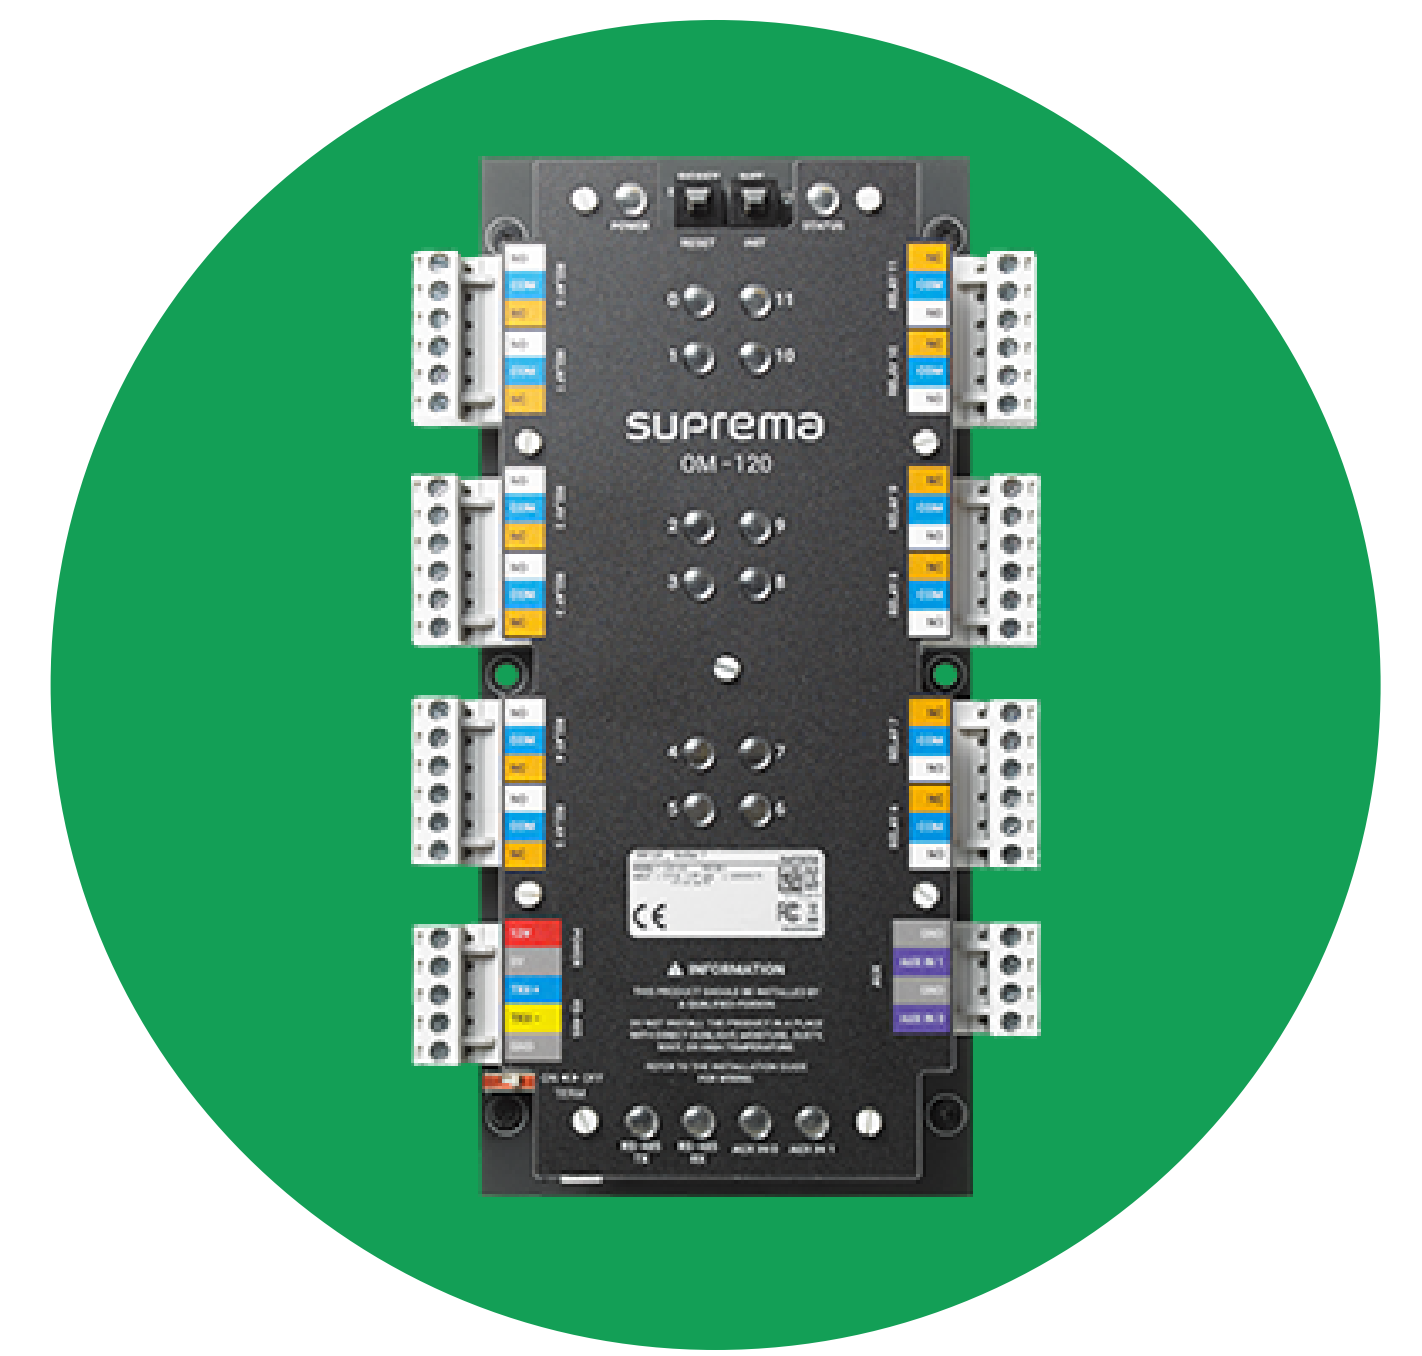

### X-Station 2

Biometrics and intercom

### Facelite

Restricted access facial for 4,000 faces

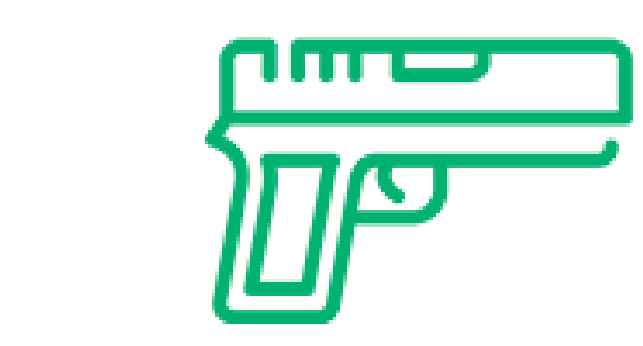

### Core Station

Expandable biometric access control panel

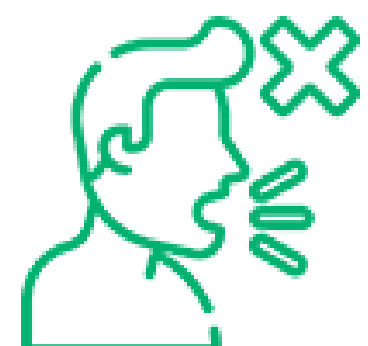

## DETEK – Sound Detection with exclusive technological innovation

Designed to identify and report on the occurrence of dangerous situations in real time

### Sound Types:

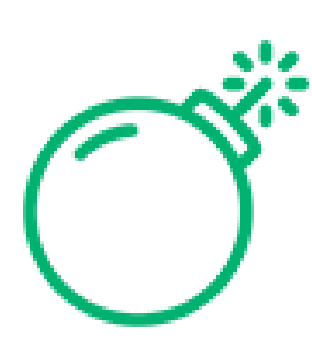

Firearms  
(250 meters)

Human cry  
(150 meters)

Broken Glass  
(70 meters)

Bombs or Explosions  
(250 meters)
